6233	.150 Polyethylene Leader Tubing, 1,000' Roll		Each
6236	.150 Polyethylene Leader Tubing, 4,000' Roll		Each
6228	.150 Insert Tool		Each

Stuppy Aqua Turret has a broad fan shaped spray pattern that waters a large area around the base of the plant without washing out packing soil. It is designed with three orifice pins of different sizes for low, medium, or high volume. The turret assures equal volume and distribution of water and liquid feed to each plant, cuts labor, and maintenance costs to a minimum. It is perfect for use in large hanging baskets, nursery containers, and field stock.

Leader Tube Length (in)	Flow (OPM) Pin Number			Flow (GPM) Pin Number			PSI at the Tip
	#1	#2	#3	#1	#2	#3
